

Welcome to Bonnie's Lakeside

Originally built in 1905 and operated as a northwoods resort named the Lakeside, tourists made their way to the resort to relax on the shores of Spirit Lake. The cabins surrounding the restaurant still echo the by gone years of simple northwoods charm.

Bonnie and Ed pride themselves on making the restaurant a place for new generations to make their own memories and hope their customers get a chance to experience a touch of northwoods splendor.

Whether you are enjoying cocktails on the deck overlooking the lake or gathering around a table for one of the many appetizers and entrees carefully crafted by our kitchen.....we hope your experience is one to remember and truly hope to see you again.

*Thank you
Bonnie & Ed Lamb*
